

Genetic Counselling

Services

All patients have access to Preconception and Prenatal Genetic Counselling with a medical requisition*

- Covered by Medicare
- No waiting list
- Detailed report sent to the doctor

Telephone and Skype consultations can be possible for patients living outside of the Greater Montreal area

WHAT ARE THE INDICATIONS FOR GENETIC COUNSELLING?

- Preconception Carrier Screening
- Repeated miscarriages
- Personal and Family History
- Abnormalities from a previous or current pregnancy**
- Background or Origin from Ashkenazi Jewish or Saguenay-Lac-St-Jean
- IVF Preimplantation Genetic Diagnosis

It is recommended to have genetic counselling prior to conceiving for a better reproductive planning outcome

Contact our genetic counsellor
genetique@cliniqueovo.com or 514-798-2000 ext. 611

* Please note that tests that are not medically indicated are not covered by Medicare

** A transfer to a Tertiary Center could be suggested
