## PGT-A, PGT-M and PGT-SR

At clinique ovo, we are committed to offering transparent pricing while including as much information and as many services as possible in our packages. Analysing costs in this field can sometimes feel complex, as the components included in different packages may vary. Our priority is to provide you with a clear and comprehensive view of costs to avoid surprises and ensure complete support throughout your journey. We are here to guide you every step of the way with detailed information and support tailored to your needs.

These fees include the biopsy, analysis and transportation.

The number of embryos to be biopsied will only be known after the egg retrieval. It is the patient's responsibility to discuss this number with the medical team.

PGT-A	
1 or 2 embryos	\$3000
Additional embryo	\$750

PGT-M	
1 embryo	\$5250
Additional embryo	\$1000

PGT-M + PGT-A	
1 embryo	\$5700
Additional embryo	\$1450

PGT-SR *	
1 or 2 embryos	\$3300
Additional embryo	\$900

\*Additional fees will apply for atypical PGT-SR (including embryo differentiation or any other tests required following medical recommendations). For any questions, please contact the Genetics Department at: [genetique@cliniqueovo.com](mailto:genetique@cliniqueovo.com)

These fees also include the probe development.

Accepted payment methods: credit cards (Visa, Mastercard), debit card, certified check. Any person who is required to pay, contrary to the provisions of section 22.0.1 of the Health Insurance Act, is entitled to claim reimbursement from the Régie de l'assurance maladie du Québec.

**Prices can be changed without prior notice.**
